Workshops for 2011

Here follows an overview of workshop to be conducted in 2011. The workshops are available on request and organisations will be grouped at a central venue to accommodate everyone.

NB: These prioritised groups requested the following workshops.

Type of Workshops	Beneficiaries	Venue & Date
Asset Based Community Development The ABCD approach utilises very practical tools that has been tested across the world and was adapted for the West Coast context by the staff of West Coast Community Foundation and Community Connections. The methodology allows for a very creative and participatory way to engage all community members to identify and link different assets to mobilise more assets.	Mamre Community Begrivier & Swartland CNDC's	TBA
Financial Literacy ABSA provided valuable information about basic banking transactions to guide people to make informed decisions about their money. This will be incorporated in our other capacity building workshops.	All communities	TBA
Khari Gude Mentoring support for Kha ri Gude volunteer educators. Kha ri Gude is a mass literacy programme of government; the campaign is intended to make manifest the right of all citizens to basic education in the official language/s of their choice.	Cederberg Area	TBA
Organizational Development A prosess of development for management boards of CBO's to ensure transparent, responsible and accountable organisations.	Atlantis Street Committee Moorreesburg Disabled Group	TBA

Research Thorough research to determine the socio-economic status of the communities to inform our project planning.	Paternoster Bergrivier & Swartland CNDC's	TBA
Restoration Workshops A pilot project on healing and restoration of people with hurt from the past.	2 Urban communities 1 Rural community	TBA
School Outreach Program Through tailor made material and inter active games, children are equipped to make healthy choices in life and to become the leaders of tomorrow.	Helderkruin Primary Bloemendal Primary	TBA
WhizzKids United (WKU) WKU is an exciting initiative, from Africaid, which uses football as a medium to equip kids with the life skills needed to prevent HIV. The life skills programme engages kids in active learning to ensure that the information given not only provides them with correct knowledge about HIV, but also informs and influences their behaviour. WKU aims to enable kids to make life changing decisions by equipping them with life skills they need through empowerment, self-respect and sheer enjoyment.	All of West Coast District Municipalities	TBA
Youth Bank To stimulate youth engagement and leadership through the establishment of a West Coast Youth Bank. The West Coast Youth Bank will ensure that youth take initiative and responsibility for community development. WCCF will facilitate the process to establish the structure of the Youth Bank.	Youth from West Coast District Municipalities	TBA
